2021

Chairman's SPEECH

Welcome to 4am Group. My name is Arif Mohammad, the MD and Chairman of the 4am Group. 4am Group started in 2002 with 3 staffs with a car as the office location. Here we are today, as a globally recognized Group, located in major countries, with services that cut across different sectors of the economy.

The mandate of the Group right from inception is to be consistent about growth, committed to quality services, and incorporate innovation as the Group aspires to reach its full potentials. As such, we continue to evolve, increase our staff strength, open new offices, record landmark success, expand our services, and become a driving force in the global economy.

It is delightful to note that with the resources we have within the Group and the continuous capital investment made available, success becomes achievable, and clients who patronize any of the companies within the Group enjoy high-quality services worth every penny they spend.

We are passionate about building lasting and successful relationships with clients while maintaining standard practices and the highest quality services. We are proud of our team of employees who are the driving force behind the success of the Group. As such, we ensure that our working environments are inspirational, friendly, and designed to bring out the best in the individuals.

We will continue to add value to staff and clients. Thank you for being a part of the 4am Group.

Arif Mohammad

Managing Director & Chairman

Achieve your Dreamss

of building a company.

Our Group

4am Group is a globally recognized group of companies that operates in different sectors. The group which was founded in 2002 with 3 members of staff has evolved to employ over 2000 staff working across the companies belonging to the 4am Group. Our offices are located in different cities and countries including Mumbai (India), Dammam (Saudi Arabia), Dubai (UAE), Silicon Valley and New York (USA), Liverpool (UK), and other locations.

Founded by Mr. Arif Mohammad, the leadership structure of the Group is well organized and integrated for sustainable performance, and effective coordination of all business activities, and continuous growth. 4am Group will maximize the latest technologies to meet the current demands of clients and build a business dynasty with a track record of excellent products and services.

Our Location

U.S.A

The United States of America is consistently ranked among the best countries to set up business due to competitiveness and ease of doing business. Supported by a regulatory environment that is conducive to starting and operating a business, the country encourages free enterprise and competition. As a stable democracy with a transparent, predictable, and fair legal system with a favorable economic environment, all companies have a level playing field to compete and thrive.

U.K

Deciding to start a new business in the U.K. has a lot of benefits chief of which is that the company has the potential to do more business with other countries in Europe. Also, the U.K. is one of the countries highest ease of doing business scores, a manageable taxation system, easy to recruit skilled employees, strong infrastructure for doing business, and manageable government regulations. The economy of the country is currently experiencing growth. The U.K. is definitely a location of choice!

If you are seeking to enjoy these benefits, Dreamss Online will work with you to make it happen.

U.A.E

U.A.E. is one of the topmost tourist destinations in the world. Hence, the country is a booming economy with a massive number of people visiting the country, thus creating an opportunity for businesses to thrive. The benefits of opening a company in the U.A.E. are strategic location, good legal system, first-class infrastructure, government support, favorable investment atmosphere, luxurious lifestyle, no tax, zero crime rate, etc.

If you are interested in maximizing these benefits, Dreamss Online will deploy the best services that will position you for success in the vibrant economy.

Saudi Arabia

Saudi Arabia is another strategic country whereby we help people to set up businesses. Saudi Arabia is currently a big player in the global economy since its entrance into World Trade Organization (WTO) in 2005. The country is actively undergoing trade revolutions which are leading to the creation of new businesses and companies. Some other benefits are low taxation, luxury lifestyle, vibrant economy, modern technologies, ease of doing business, friendly population, good healthcare system, and education, etc.

Why **CHOOSE US**

○ Experience & Expertise

We have the experience and expertise to set up any kind of company in the UAE, Saudi Arabia, the UK, and the USA. Our team comprises seasoned professionals from diverse fields who possess an in-depth understanding of what it takes to set up standard companies.

○ Quality Service

We have gained a reputation for delivering quality services to clients. We are known for consistent performance in the field of working with investors and entrepreneurs to create new businesses or companies. We go the extra mile to make it happen and record landmark success.

○ Affordable Services

We deliver our services at affordable rates. Our goal is to deliver value to clients by saving them time, energy, and money. We maintain competitive pricing to ensure clients get the best value for their money.

○ Client Satisfaction

Satisfying our clients is our topmost priority. We continue to seek the best ways to meet the specific needs of each client and to position our services to respond to the requirement of the sector in which our client is looking to establish the company. Hence, we tailor our services to satisfy the client.
